

Dear Parents,

Barnison Catering is excited to partner with Rawson Saunders School to provide lunches for your students! We are looking forward to a great year despite these unprecedented times.

Barnison is a catering company that works to provide the students of Austin's private schools with a healthy, appealing lunch that has been mindfully sourced and thoughtfully prepared. Our goal is to educate the youth and parents about healthy eating habits by utilizing seasonal, local products. We hope to teach those around us to respect and appreciate the whole food system, from the soil to your plate. We believe that good nutrition is an essential tool to a better education.

We don't make health food, we make healthy food that kids want to eat. The quality and integrity of our food is what makes Barnison so special. All meals are handcrafted fresh each day, down to making the pizza dough by hand and hand forming our hamburgers from local, grass-fed, wagyu beef. At Barnison, we believe strongly in supporting our community by using only the best local, sustainable, and organic ingredients. We began our food career as farmers in the Austin area, so we understand the importance and dedication it takes to grow good food. We shop the farmer's markets weekly for the majority of our fruits and vegetables that we serve. What we can't obtain at the markets, we purchase from Central Market, Whole Foods, Go Texan products, and other organic sources. The quality of the products we use are what makes us stand out from other programs. We are committed to the farm to school philosophy and work tirelessly to ensure our students receive the best possible quality lunches. Additionally, we are a nut-free kitchen. We offer gluten-free and vegetarian options for most of our meals. Barnison Catering is also environmentally conscious and uses only green cleaning products, recyclable or compostable paper products, and composts all possible kitchen waste. Also, all cookware is non-coated and made of natural materials. **This year all meals will be served in compostable to go containers and utensils will be individually wrapped. We are taking every precaution to ensure the safety of our students.** Please read more about us on our website, www.barnison.com and like us on Facebook at www.facebook.com/Barnison1 and follow us on Instagram [@barnison](https://www.instagram.com/barnison).
